NO CHANGE TODAY IN WAR SITUATION

Port Arthur Was Still Holding
Out at Last Reports.

Baltic Fleet Reported to Have Pre-
pared to Leave—General Kuro-
patkin Ready to Strike.

THE JEWS AT ST. PETERSBURG.

NEWS OF THE NOVIK.
St. Petersburg, Aug. 26.—It has be-
come known that the Sevastopol, one of
the few ships at Port Arthur remaining
intact, struck a mine and was badly
damaged.
Another item which is causing irrita-
tion is a dispatch from Washington, re-
ceived by way of London, announcing
that "the American fleet has been ordered
to interrupt its maneuvers and start
at once for Chinese waters, there to re-
main until the war is concluded."
Several dispatches received through
Gen. Kuropatkin's headquarters agree in
stating that a great battle may be mo-
mentarily expected now that the rains
are over.
The Russians have been strongly rein-
forced, have the best troops and are in
excellent strategic position. Dispatches
say they will now show the world their
power and are confident of victory.
Meanwhile Gen. Kuropatkin is bridging
the Taitse River.
The Grand Duke Boris has passed
Irkutsk on his way home.

TO JOIN BALTIC FLEET.
Constantinople, Aug. 26.—The Rus-
sian Navigation Company's steamers,
Yenona and Meteor, each laden with
coal and fresh water, passed through the
Bosphorus this morning on their way
to join the Russian Baltic squadron.

WHOLE FRONT ENGAGED.
Chefoo, Aug. 26.—Advices received
here state that the fighting proceeding
between Russian and Japanese forces
southwest of Liao Yang, the whole Rus-
sian front from Taitse River southward
is engaged.

FRENCH STEAMER CAPTURED.
Tokio, Aug. 26.—It is reported here
that a French steamer from Port Ar-
thur was captured by a Japanese war-
ship and taken to Sasebo.

JAPS GAINING AT PORT ARTHUR.
Chefoo, Aug. 26.—Golden Hill, White
Marble Mountain and Liao Mountain,
according to Chinese advices dated the
night of August 22, are now the only
main forts securely held by the Rus-
sians at Port Arthur. Others are oc-
cupied by them, but they are subjected
to an artillery fire which renders their
tenure uncertain. Fort No. 5, which has
frequently been reported taken by the
Japanese and retaken by the Russians
is again declared to be in the hands of
the Japanese.

A rumor having some points indicat-
ing authenticity says that the new
European section of Port Arthur is in
flames. Owing to the mud and brick
construction of the buildings, however,
it is probable that the fire is not general.
It is said that the Japanese are using
guns taken from the harbor defenses of
Kobe, Nagasaki and Yokohama. These
guns, numbering 300, are of heavy
calibre.

JAPS LOSE HEAVILY.
London, Aug. 26.—The correspond-
ent of the Central News at St. Peter-
sburg telegraphs that a dispatch
has been received at St. Petersburg
from Murden, reporting severe fight-
ing at Port Arthur August 19 and 20,
in which the Japanese lost heavily.
It is alleged the Japanese are behind
the Liao Yacho valley organizing the
Chunchuses who are being furnished
excellent weapons.

others were wounded in a tornado
that swept through Chautauque
county.

town picnic was being held, was di-
rectly in the path of the storm. Five
thousand people were on the grounds

donia.
Miss Ina Scott, of Shumla.
Unidentified child.
The most seriously injured:

The storm came up suddenly.
Trees in the grove were struck by
lightning, many of them were blown
down and the rain fell in torrents.
The people who took refuge under
the trees at the first sign of the storm
were caught by the falling branches
and injured.

FOUR DROWNED.

says:

the capizing of a boat in the Brazos
river near Acton, Hood county.
The dead:

There were six boys and girls all
told in the boat at the time of the dis-
aster. In going down stream one of
the boys at the oars struck a snag and
the vessel immediately turned over.
Two boys, names unknown swam
ashore. The bodies of the victims
were recovered.

SENATOR HOAR UNCHANGED

time to answering various criticisms of
President Roosevelt's personality and conduct.

TRAGIC SEQUEL TO POLITICAL FEUD

Prominent Man of Covington,
Ky., Stabbed to Death.

John Lansdowne Claims His Slayer
Mistook Him For a Brother
He Hated.

GREAT EXCITEMENT CREATED

Covington, Ky., Aug. 26.—John C.
Lansdowne, age 28, was stabbed above
the heart early this morning within a
few yards of his home, 210 Garrard
avenue.
He died fifteen minutes later in the
arms of his brother, Wallace Lansdowne,
after telling Wallace that his slayer,
John Lieberth, had intended to kill Wal-
lace, and had mistaken him for Wallace.
Lieberth is now locked up in jail ap-
parently in a stupor, refusing to make
any statement, even to telling his name.
The families of the victim and the ac-
cused murdered are prominent in north-
eastern Kentucky, and the cause of the
family of the dead man say, is due to
enmity because Lansdowne had pre-
ferred political charges against George
Lieberth.
John Clarke Lansdowne was former
librarian of the Covington Public Library,
and a brother of Wallace Lansdowne is
a United States gauger, who last Febru-
ary preferred charges against his super-
ior in office, George Lieberth, collector
of internal revenue of the Covington
district. John Lieberth, accused of the
murder, is a brother of George Lieberth,
and it is claimed has been demented for
months.

COUNT CASSINI WANTS TO GO HOME

Russian Ambassador Alleged to
Have Asked for His Recall.

Difficult Relations Said to be the
Cause—Spanish Monasteries
Attacked.

SEVEN BRIGANDS KILLED.

Manchester, August 26.—The Lon-
don correspondent of the Guardian
says that a report is gaining ground
in the English capital that the Rus-
sian Ambassador to the United States,
Count Cassini, has asked to be re-
called from Washington. The reason
given is the difficult relations existing
between the count and the officials of
the American government.

BRIGANDS ROB MONASTERY.
Madrid, August 26.—A band of
Catholicon brigands attacked the
famous monastery at Monzerat, and
after binding the monks they pillaged
the monastery and escaped with a
large quantity of rich booty. The
alarm was given and a posse of Gen-
darmes started in pursuit of the
brigands and finally caught up with
them. A fierce combat ensued, in
which seven brigands were killed and
others fled.

HONEST CONDUCTOR

URNS IN A POCKETBOOK CON-
TAIN \$1,200 IN GREENBACKS.

New Orleans, La., Aug. 26.—William
Ameling, a trolley car conductor, picked
up a wallet containing \$1,200 in green-
backs and a bank book showing an ac-
count for \$2,000. The stuff had been
left in his car by an unknown woman
passenger with two children, who later
identified the property and secured it.
The conductor was told that if there
was any odd dollars after the amount
had been deposited in a bank he would
be rewarded for his honesty.

FREIGHT TRAINS MEET AT ILSLEY

One Was Backing in When Hit
by the Other.

Fireman Howard Pleasant Painfully
Hurt By Jumping From His
Engine.

MUCH DAMAGE TO PROPERTY

There was a serious freight wreck at
Isley, a small station of the Paducah
district of the I. C., six miles north of
Dawson, yesterday afternoon, causing
much damage in equipment to the road,
a delay to several passenger trains, but
fortunately injuring but one man, Fire-
man, Howard Pleasant, of Paducah, who
jumped and skinned his face and bruised
his shoulders, but not seriously.
The cause of the accident will have to
be determined by an investigation, hap-
pening at a very peculiar place and un-
der peculiar circumstances. The train
struck, was backing into the siding at
Isley, when another freight crashed into
it.
Freight train No. 171, 18 loads, en-
gine 29 in charge of Engineer T. C. Fin-
ley, Fireman Howard Pleasant and Con-
ductor A. L. Corbett, was running south
when train No. 195, 10 loads, Engine No.
1715, in charge of Engineer C. F. Wag-
ner, Fireman G. W. Gilbert and Con-
ductor G. T. Matlock, was taking the
siding at Isley. The latter train was
going into the siding to let passenger
train No. 121 by, but before it got into
the clear was struck by the 171, nine
cars being wrecked and the engine badly
damaged.
The crew of the 195 saw the approach-
ing train and left the caboose before the
crash came, and the crew of the 171
jumped also when it was seen a collision
was inevitable.
Fireman Howard Pleasant did not
alight on his feet, but struck on his head
and shoulders. His face was slightly
cut and his shoulder bruised, but the
injury did not prove to be serious.
Pleasant came to the city and had his
injuries dressed at the railroad hospital.
The local wrecking crew was at Prince-
ton working with derailed cars, when the
accident happened, and hastened to the
scene. It required over two hours to
clear the debris away and make it pos-
sible for the passage of trains. The
engine of the 171 was badly damaged
and the cars smashed to smithereens.
The accommodation train No. 121 was
a few minutes behind the 171 and was
delayed by the accident, not arriving
in Paducah until after 8 o'clock. Train
No. 101, the fast Louisville and Memphis
passenger, was delayed some time. Sev-
eral freight trains were affected, also.
The damage to the road in equipment
and delays will amount to several thou-
sand dollars. On account of the straight
track in which the accident happened,
the cause cannot be readily determined
and will not be, until the investigation
is held.

TOOK POISON

Wife Drinks Deadly Draught
and Falls Dead.

She Had Run Away From Her Hus-
band To St. Louis.

East St. Louis, Ill., August 26.—
In the presence of her husband, James
Simms, who was standing only a few
feet away, Mrs. Grace Simms, a bride
of a few months, swallowed carbolic
acid in front of the National Hotel
and fell dead into her husband's arms.
The couple were married February 2,
last, and for a time lived on a farm at
Mill Creek, Ill.

Early in August Mrs. Simms left
her husband, telling him that she was
going to visit her parents at Para-
gould, Ark. Later Simms learned
that instead of going to Paragould his
wife had returned here. He followed
her, and Thursday morning surprised
her by walking into her room at 319
North Fifth street.

Simms tried to effect a reconcilia-
tion but his wife declared her inten-
tion of remaining in this city. The
husband then said he would remain
also and started for the National

CITY POLITICS ARE NOW WARMING UP

Democratic Committee to Meet
Next Monday Evening.

A Mass Convention Likely To Select
Candidates For Aldermen and
Councilmen.

HALF THE BOARDS GO OUT

The Democratic city committee
will meet Monday evening at the city
hall to decide on the time and manner
of naming candidates for the city
offices to be filled in November.
Half the board of aldermen and
councilmen and of the board of edu-
cation are to be elected every year
under the new charter, and half of
the present boards accordingly go out
this year.
It is more than likely that the
Democrats will order a mass conven-
tion, the first to be held here by Dem-
ocrats in many years to name the city
officers, owing to the short time before
the election, and to the fact that the
offices are not very remunerative,
and the Democrats are not very eager
to get offices that do not pay. It would
not be worth the cost of a primary to
be elected to the offices.
This fall some of the best members
of the two boards go out. Those who
drew the short terms and retire are:
Aldermen Charles Reed, Gus Single-
ton, Henry Orme and A. W. Greif;
Councilmen Ed. Hannon, Al Hy-
marsh, J. S. Jackson, Charles Smed-
ley, Jas. McCarty and L. D. Watson.
The school trustees who retire are:
Messrs. Robertson, May, Herndon,
Greif, McFadden and Renfro.

A city primary would cost consid-
erable money, and the candidates
would have to pay it, hence it is
likely that there will be a convention,
which costs nothing.
Chairman Frank Boyd, of the Re-
publican city committee, stated to-
day that he would not call the Repub-
lican city committee together until
after September 1st. It is the inten-
tion of the party to put up the best
men in Paducah for the various offices
to be filled. There is general disgust
and discontent over the present ad-
ministration, and it is believed that
the Republicans can elect the entire
half of all the boards this fall.

MARLBOROUGH

RUMOR THAT HE WILL TAKE
CANADIAN JOB.

Ottawa, Ontario, August 26.—The
report is revived here that the Duke
of Marlborough may be appointed gov-
ernor general of Canada.

A leading government official to
whom the report was mentioned to-
day stated that although he had heard
nothing of the matter, he would not
be surprised if the duke were appoint-
ed. The earl of Grey, according to
gossip here, could have had the gov-
ernorship had he so desired, but he
was not in a position to accept it.

JAPAN CAN'T ACCEDE

Tokio, August 26.—Formal notifica-
tion has been sent by Japan to the
Chinese government that Japan can
not accede to the demand of China for
the return of the torpedo boat destroy-
er Kishitely. The boat was seized
by the Japanese destroyers in the har-
bor of Chefoo August 12.

Hotel where he was formerly em-
ployed to apply for reinstatement in
his former position. His wife ac-
companied him, and passing a drug
store complained of feeling ill and
went inside and made a purchase.
When they came near the hotel Simms
met a friend and stopped to talk with
him. Mrs. Simms walked on a few
feet and then stopped and raised some-
thing to her lips. Her husband ran
to her side to see what she had taken,
and just as he reached her she fell
back dead into his arms. Simms is
held as a witness for the coroner. He
is in custody of the police. Mrs.
Simms was 21 years old.

CAPT. ED FARLEY AND H. C. OVERBEY

Were Appointed as Election
Commissioners.

The State Board Named Them Today
—Captain Farley Has Served
For Some Time.

SHERIFF THE THIRD MEMBER.

The State Election Commissioners met
at Frankfort yesterday afternoon to ap-
point the county commissions. It was
expected that they would make the ap-
pointments in a short time, but a num-
ber of the county chairmen had not
sent the five names necessary from
which to make a selection, and had to
be telegraphed for names.
The McCracken county committee met
last Saturday and recommended the fol-
lowing: D. G. Park, T. P. Potter, A.
G. Lee, J. M. Martin and H. C. Overby.
The Republican committee, through
Chairman Frank Boyd, sent in its names
some little time ago.
The commissioners today appointed
for McCracken, are Capt. Ed Farley,
Republican.
Mr. H. C. Overby, Democrat.
The third member of every county
board is the sheriff of the county.
Capt. Farley has been the Republican
member of the committee for some time,
and is a good man for the place.
J. C. Flournoy has been the Democrat-
ic member.
The McCracken county commissioners
will meet as soon as the appointments
the received here, and as soon as pos-
sible appoint the precinct election of-
ficers, to serve at the November election.

SURPRISE VERDICT IN MAYBRIER CASE

He is Given Life Sentence for
Killing Jailor.

Court, Jury and Prisoner Remained
In Court House All Night to
Prevent Lynching.

MANY MUTTERINGS HEARD

Maysville, Ky., Aug. 26.—The
jury in the case of Dobbins Maybrier,
for the murder of Jailor George Thompson, reported a
surprise verdict last night at 8
o'clock.

They found him guilty and fixed
his punishment at confinement for
life.

Colonel Roger Williams decided
after consulting with Judge
Osborne, that it would not be wise to
leave the courthouse after the verdict
was rendered, and the prisoner, jury,
troops and judge remained there all
night.

After a hasty breakfast this morn-
ing, the troops left Mt. Olivet in
double quick time for this city with
the prisoner, and arrived here in
time to take the train for Frankfort.

Mutterings are heard on all sides
over the verdict, and it is openly de-
clared that should another murder
occur in Robertson county, no jury
would get a chance to try the culprit.

Seattle, Wash., August 26.—Fires
are sweeping over Whatcom county
and have caused a loss of more
than two hundred thousand dollars.
The property destroyed includes all
the buildings at Whistler Mine and
Stamp Mill, at Goat Mine, and much
valuable timber has been consumed.

Marion and Wright Young, father
and son, were sentenced to ten years
imprisonment each for murder at
Williamsburg, Ky.

There was another wing clipping at Wallace park yesterday afternoon, but instead of red feathers filling the air, this time they were blue. Dick Brabie pitched what should have been a shut out game, but for errors in the ninth inning when the two scores were tallied by the visitors making a shutout impossible.

Paducah scored in the second, seventh and eighth innings as follows: Land grounded out from Crowder to Gilbert. Powers knocked a hot liner to deep right, making three sacks. McGill hit a sky scraper to right and Powers scored on the throw. Brabie popped out to Bohannon.

In the seventh inning Land failed at three and Powers hit to Reddick and was retired at first. McGill took a walk on four bad ones and Eddie Brabie hit for two sacks down the third base line, McGill scoring. Dick Brabie grounded out from Crowder to Gilbert.

In the eighth inning a dark cloud precipitated a hard shower accompanied by wind, the game having to be called when only one man was out. Here is the way the game went until the rain interfered. Bateman hit for two bags to center field. Gerard hit safe to rightfield and Lally singled to right field scoring both runners, but Lally being thrown out at second by McNutt fielding in home and Downing throwing to Reddick. Here the rain came up and Umpire Zinkins called the game until it abated. After a wait of 25 minutes the game was resumed and with one man out Kubitz settled down to finish the inning with a very bad outfield to contend with. Potts hit safe to center field and Mullen let the ball go through him. Land grounded out from Reddick to Gilbert and Powers hit to Reddick who let the ball go through him, Potts scoring. McGill hit to left field and Bensley muffed the ball. Eddie Brabie missed three and retired the side.

This ended the fun making for the locals and the Blue Birds then came in for a try with the stick.

McNutt hit to Bateman who could not pick it up quick enough, the runner beating out the throw. Gilbert popped out to Bateman and Reddick reached first on a muffed Pott's throw to Land. Crowder hit safe to left field and McNutt scored. Downing hit to Brabie who tried to catch Reddick at third, but threw wild. Kubitz hit to Bateman who threw Crowder out at home. Mullen's strike out retired the side.

A LITTLE DOPE.

Gerard and Potts both made sensational catches yesterday, robbing the visitors of hits and cutting off scores by the plays. Gerard came in from left field and caught a Texas leaguer, a slow hit ball which neither the infield nor outfield can well handle. Gerard came in like a whirlwind and got to the ball just as it was reaching the ground. He dived out after it and nabbed it just in time. Potts was playing in for a bunt with Mullen on second base and no one out. Bohannon hit over his head and the little second baseman ran hard after the ball. He caught it in one hand by a hard jump and reach and Mullen, who thought sure the ball was a hit, and had left base and was nearly in home. Potts threw to second base and completed a double play.

Land muffed a throw from Lally yesterday but the error was excusable. The throw was low and Mullen kicked the ball out of the Big Man's hand. The other error scored to Land's was

CUTICURA

Soap, Ointment and Pills
the World's Greatest
Skin Cures.

PRICE THE SET \$1

Complete Treatment for Every
Humour, from Pimples
to Scrofula.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants and the anxiety of worn-out parents, as in milk crust, tetter and salt rheum, all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy, have made them the standard skin cures and humour remedies of the civilized world.

The grandest testimonial that can be offered the Cuticura remedies is their world-wide sale, due to the personal recommendations of those who have used them. From a small beginning in the simplest form, against prejudice and opposition, against monied hosts, countless rivals, and trade indifference, Cuticura remedies have become the greatest curatives of their time, and, in fact, of all time, for nowhere in the history of medicine is to be found another approaching them in popularity and sale. In every clime and with every people they have met with the same reception. The confines of the earth are the only limits to their growth. They have conquered the world.

Sold throughout the world. Cuticura Remedies, 20c. Ointment, 50c. Soap, 25c. Prepared by J. C. G. Cuticura, Inc., 27, Charter Street, New York, N. Y. Sole Proprietors, J. C. G. made by a muffed Pott's throw. The ball was tossed over, and with "get away from here," the Big Man gripped it, but was too sure and made a muffed. Land was so completely backed by the error that the grand stand went wild.

Eddie Powers has got his batting eye back. He has hit well the last several games.

Dick Brabie scattered his hits well yesterday.

Eddie Brabie is gaining more confidence and caught a good steady game yesterday.

Some little fear was exhibited by the occupants of the grandstand yesterday when the wind and rain came up. Large pieces of paper roof and boards were blown off the grand stand and once or twice the big structure seemed on the verge of being blown away.

Two years ago Bonno played with the Urbans, Ohio independent team of which Bateman was a member, and worked in the box every other day. He won four-fifths of his games, Bateman says.

Gilbert and Lyons, Brady and Brabie will be the batteries for today's game. Big Downing will play first base for Henderson.

Mr. Harry T. Freeman, of Kansas City, is visiting his brother Buck Freeman, the Paducah pitcher.

Whitesides is one of Sam Jones' "converts."

Lige Watts, colored, was fined \$1 and costs for being drunk.

Ernest Oment and Dud Dunn were arraigned for vagrancy. They have been "bumming" about the city without working and the court considers them nuisances. They were dismissed of the charge on the agreement that they leave the city today and remain away.

The case against John Gainer, colored, charged with breaking into the John Rogers stable at Twelfth and Broadway and stealing a horse and buggy, was continued until tomorrow.

WERE RELEASED

NOTHING LEARNED BY THE POLICE
ABOUT HENDERSON BOYS.

Overton Bass and William Critser, the Henderson lads arrested on suspicion of being wanted somewhere, were released this morning by Police Judge Sanders, nothing being heard from the Henderson or other police.

The boys were arrested for sleeping about the south yards, local I. C., and when searched a black mask and "slung shot" were found on them. Ball had the slung shot and said he carried it for protection. Critser had the mask and said he made it out of the top of a buggy and used it in Henderson masquerading simply for fun. Judge Sanders gave them a good lecture and advised them not to carry anything suspicious looking about their persons unless they wanted to get into trouble. The boys left this morning and presumably will continue south to New Orleans where they started from Henderson on July 29. Both are under age.

REBELS AGAIN

DEFEAT PARAGUAYAN TROOPS
AND CAPTURE 400 MEN.

Buenos Ayres, August 26.—There are persistent rumors that a land engagement has been fought between the Paraguayan revolutionists and government troops, resulting in the defeat of the latter and the capture of 400 men. The rumor can not be confirmed. There is an utter absence of definite news regarding the progress of the revolution.

TO TAKE PROOF

IN A CALLOWAY COUNTY
BANKRUPTCY CASE.

Referee E. W. Bagby this morning issued a notice to persons concerned in the bankrupt case of Rev. Owen Hargrove, Calloway county, that all proof must be in by September 7th.

This is a very important case, one delicate point of law being involved. Hargrove took the bankrupt law and Aultman & Taylor filed a claim against him in Federal court for \$2,100 and got a judgment. The firm was unable to collect the debt on account of the defendant going into bankruptcy but filed objections to his discharge and this is what the proof is being taken for.

Hargrove claims that his homestead is exempt, but the Aultman-Taylor company is trying to prove that the debt antedated the purchase of the homestead and if this be proven, the courts will likely permit a levy of attachment on the property to satisfy the debt.

The proof will be in by the 7th of next month and Referee Bagby will certify it to Judge Evans for action.

ROLLER SKATING

THIS POPULAR FORM OF AMUSEMENT
AGAIN COMING
INTO VOGUE.

In a number of cities roller skating is again coming to the front as a popular form of amusement. Time was when Paducah went wild over this sport. Young and old donned the skates and raced over the hardwood floors, and for a few years everybody really seemed to enjoy the exercise. Like everything else in the course of time, the good people tired of it, and the roller skate was laid on the shelf and well-nigh forgotten. The bicycle came along a little later and for a few years it filled a "long felt want." A young generation is coming on, and the roller skate seems destined to again afford amusement for a few seasons.

In Paducah boys are frequently seen skating on the smooth granitoid sidewalks.

LIGHTNING KILLS A MAN IN BALLARD

John Hawkins Was Under a Tree When It Was Struck.

His Companion Moved to Get Out of the Rain And Escaped Death.

BOTH KNOWN IN PADUCAH.

John Hawkins was killed and J. M. Trice badly shocked by a stroke of lightning yesterday afternoon about 4:30 o'clock near Bandana, Ballard county.

The two men were at work in the field when a thunderstorm came up, and they sought shelter under an oak tree. The water began to trickle down Trice's neck and he said he would have to move, and did so.

His companion remained, and in a few seconds the tree was struck and Hawkins was instantly killed.

Trice was rendered unconscious and when found did not know how long he had been so. The dead man was about 56 years old and unmarried, and his relatives live at Robards, Ky. The burial took place today.

ARM BETTER

JUDGE LIGHTFOOT IS STILL SUFFERING FROM IT, HOWEVER.

Judge R. T. Lightfoot last night returned from Centralia after attending his mother-in-law's funeral.

Judge Lightfoot is still being troubled by his injured arm and sleeps little. The arm, however, is slightly better but will not be well for many months, it is thought.

JUDGE BLOOMFIELD BACK.

Judge J. W. Bloomfield returned this morning from a several weeks' stay up in Indiana with his brother. He is improved in health.

BROTHER HURT

Highwaymen Attack Dr. H. E. Lightfoot at Carbondale.

He Has Now About Recovered—Is Brother To County Judge Lightfoot.

County Judge R. T. Lightfoot has returned from Carbondale, Ill., where he attended the funeral of his mother-in-law.

He reports that his brother Dr. H. E. Lightfoot, was mysteriously assaulted by highwaymen a few nights ago and rendered unconscious for several hours, but is now on the road to recovery. The injured man is a cousin of Dr. Charles Lightfoot, of Paducah.

The facts of the affair are thus told in a Carbondale paper:

"Dr. H. E. Lightfoot of Carbondale was the victim of a mysterious assault about 9:30 o'clock. While approaching the walk along the Illinois Central property on East Main street, going west from Porter's drug store, Dr. Lightfoot was struck a vicious blow with some weapon on the right side of the head. The doctor was felled by the blow and for nearly an hour was in an unconscious condition. Dr. Lightfoot states that as he neared the I. C. walk he was accosted by one of two fellows who said: 'Say partner I want to see you a minute,' and almost before he had time to answer him he struck him the blow. One of the fellows started to run south and the other west. Although a number of people were in that vicinity and several saw the blow struck from a distance no one seems to have identified the assailant. The one who struck the blow and ran south was followed by several parties but made his escape."

DEATH OF A CHILD.

NEW OPERATOR

MR. WILLIAM BAINBRIDGE ARRIVES TO GO INTO TICKET OFFICE.

Mr. William Bainbridge, lately operator at Gravel Switch on the Paducah district of the Illinois Central, has been transferred to Paducah and made day operator or assistant ticket agent at the local I. C. depot, effective this morning.

Several days ago before Mr. G. A. Little, formerly day ticket agent, resigned and was succeeded by Mr. George Warfield, the ticket business was so heavy that the agent could not attend to it and the telegraphing also, and Mr. Thomas Glenn was placed in the office temporarily as operator.

Mr. Glenn has been employed by the I. C. in the yard office and also as operator in the dispatching offices and will probably be given a position in the regular service again, being a good man.

GAVE IT UP

WHEN MR. GEORGE ROBERTSON WAS SATISFIED AS TO THE OWNER OF THE MULE.

The writ of delivery case brought in Justice J. S. Young's court by L. B. Page, of Carlisle county, against Mr. George Robertson, the ice dealer, came to an abrupt end yesterday afternoon when the defendant surrendered the mule for which the writ had been issued.

It seems that a man named Burkett, is in the Bardwell jail awaiting trial on the charge of stealing the mule, which he sold to Mr. Robertson as his own property. Mr. Robertson's attorneys yesterday were convinced that Mr. Robertson had been imposed on in the purchase of the mule, and advised him to give up the animal which he did to the owner, ending the case.

POSTOFFICE MOVED BACK.

The general delivery and money order departments of the postoffice, which have been located temporarily in the new addition to the government building, will be removed tonight, into their former location, on the Fifth street side of the building.

PAT GALVIN

Former Louisville Division Man Still Going Up.

He Gets a Prominent Place in The Panama Canal Work.

Mr. Pat Galvin, a few years ago roadmaster for the Illinois Central on the Louisville division, and a man with many friends in Paducah is still rising in railroad circles. He has just been appointed chief assistant in the engineer's department of the Panama Canal Commission by Secretary Murphy.

Mr. Galvin two or three years ago was roadmaster of this division of the Illinois Central, and was a popular man, not only with the employees, but with the officials as well. He was a special favorite of General Manager J. F. Wallace, now the chief engineer for the construction of the Panama canal, and it is probable that Mr. Wallace recommended Mr. Galvin for the position to which he has just been appointed. His many friends here will be glad to hear of his advancement.

NOTHING IN IT

J. C. DE MERT EXONERATED ON A BIGAMY CHARGE.

Mr. J. C. De Mert, who runs a dye house on South Third street near Broadway, was yesterday exonerated by the Massac county grand jury of the charge of bigamy.

The jury returned "no bill" against DeMert, who returned to the city yesterday afternoon. He stated that the prosecution was the result of his starting up a dye house here and that business jealousy is largely the foundation of the entire prosecution.

The jurymen and county attorney after investigating the matter decided there was nothing in the charge. De Mert has returned to his business here and will continue to run it.

A little sin may be the seed of a large sorrow.

CAIRO WEDDING

PROMINENT SOCIETY PEOPLE ARE TO MARRY SOON.

An approaching wedding is that of Miss Emma Halliday to Mr. Ned L. Gilbert, at Coronado, Cal., on September 8th.

While their engagement has been more or less of an open secret for some time, only the relatives and most intimate friends knew the exact date of the happy event.

The bride-elect is the fourth daughter of Major and Mrs. E. W. Halliday of Ninth street and is well known in this city as she has been a leading factor in Cairo society. She is a young lady of rare beauty and charming disposition which has won for her a host of friends and admirers who will watch with much interest the coming event.

Mr. Gilbert is also very well known in Cairo, having been born and reared here. He is the only son of Hon. and Mrs. Miles Frederick Gilbert, of Sixth street, and is one of Cairo's most successful young business men. He is clerk of the Cairo board of education.

TEACHERS APPLY

EXAMINATIONS ARE ON FOR SCHOOL CERTIFICATES.

Yesterday the regular August teachers' examinations began at the High schools with a total of eleven applicants for certificates.

Teachers' examinations are held twice a year, one in June and the second in August in order that teachers, who do not care to be examined right after the close of schools may go to some normal school and prepare themselves for higher teaching and secure a better certificate. Any teacher can take the examinations the second time, and get a better certificate if possible, but no teacher who has been elected and assigned a school is trying the second time.

There are seven white and four colored applicants being examined. The examiners are Profs. Frank May and George O. McBroom. The examinations close today.

BETTER TODAY

City Physician Robert Rivers Was Very Ill.

Relatives Last Night Called to His Bedside at Smithland, Ky.

City Physician Robert Rivers, of Paducah, who has been suffering from rheumatism at the home of Captain Bush, his father-in-law, at Smithland, for the past several weeks, became very ill yesterday from stomach trouble, and so serious was his condition for awhile that his brothers, Dr. Horace Rivers and Mr. Ed Rivers, and his cousin, Miss Corrie Grundy, were called to his bedside, leaving last night.

When they reached Smithland, however, they found the patient much better, and out of danger, and the Messrs. Rivers returned to the city today.

Mr. C. C. Grasseham, a brother-in-law of the sick man, stated today over the long distance telephone that Dr. Rivers was much improved, and in no serious danger. The young man took a buggy ride Sunday, which seemed to make him worse, and his condition became alarming yesterday, but today is very encouraging.

There will be special music at both services. A full attendance of all members and friends is anticipated.

WHO'S BEEN ROBBED?

The Democratic platform says: "We
denounce Protectionism as a robbery."
This is certainly startling if true. But
who has been robbed?

Not the farmer, who is getting a bil-
lion dollars more a year for his products
than under Free Trade; whose animals
are worth a billion dollars more than un-
der Free Trade; who has paid off his
mortgages, who has improved his lands,
who has increased his stock and imple-
ments, and who has money to burn in-
stead of corn, as was the case under
Free Trade.

No, the farmer has not been robbed,
and the farmers and their families con-
stitute 40 per cent. of all our people.

Not the wage earners in manufactur-
ing industries, who have lived so well
and added a billion dollars to their sav-
ings since 1897, who have increased their
insurance, who have paid for their
homes, who have worked less hours and
earned more money than ever before.
No, the wage earners have not been robbed.

Not the railroad employees, who are
getting a quarter of a billion dollars
more wages a year than under Free
Trade.

Not the railroad owners, who are get-
ting twice the dividends and whose
stock is worth about double what it was
under Free Trade.

Not the professional man, who is earn-
ing twice as much, and getting it. He
didn't get it even though he earned it
under Free Trade.

Not the wives and daughters, who live
well and dress well when the husbands
and fathers are fully employed at high
wages.

Not the boys who are getting a good
education.

Not the general public laborers, who
are working less hours and getting high-
er wages than ever before.

Not the old soldiers, nor the present
army, nor the men who man the ships.

Not there is no one being robbed ex-
cept the pawnbroker and the Democrats
who want a job. There is where the
robbery comes in and there is where it
hurts.

The would-be cabinet officers
and heads of departments, the would-be
postmasters and clerks, the would-be am-
bassadors and ministers and consuls, the
would-be office holder of any and every
description, he thinks he is being rob-
bed, and yet he can make more money
in his business and get more wages for
his work than he could under Free
Trade. He is robbed, not of work and
income, but of a position he cannot be

trusted to fill. That is all the robbery
there is to Protection.

The labor strikes are not going to
hurt the Republican party, for they are
an evidence of prosperity. As Speaker
Cannon says, they are "a fight by work-
ingmen for a share of the prosperity."
It is a fight over something that ex-
ists. If there were no prosperity,
there would be no strikes. Wages of
any kind would be hard to obtain. It
would not be a question of high wages,
but any kind of wages. A further proof
that strikes prove prosperity, is the
fact that if there were no prosperity,
there would be no way to furnish the
money used as benefits paid to strikers.
During a big strike the reserve fund is
soon exhausted, and there must be other
contributions. These are usually from
workmen who are not striking, and who
are earning enough to support them-
selves and families and give something to
aid those who are not working. Strikes
would be almost impossible during hard
times.

The "official organ" of Paducah dis-
plays wonderful ignorance. It seems
from an article yesterday, to be wrought
up over the fact that \$20,000 of the bond
money has not been borrowed by one
of the local banks, and the "people are
the losers." This monumental gall is
worthy of a better cause. The adminis-
tration and the official organ should
thank their stars that any of the money
was loaned out at interest, and the in-
terest paid to the city. Under the law
the money cannot be loaned out at all.
It should be placed in the city deposi-
tory and there remain drawing no in-
terest and of no benefit to the city.
The city depository, however, voluntar-
ily agreed to loan the money and give
the city the interest, and has succeeded
in loaning out all but \$20,000, not in-
cluding its reserve, \$40,000, the interest to
be a gift to the city. Still, the official
organ complains. The depository should
get busy and loan out the rest of the
money and give the interest to the city!
If it can't do this, it should keep the
money and pay interest itself, or if it
can't do this, it should pay the city a
bonus for failing to do so! It is said
that one should not look a gift horse
in the mouth, but this, evidently, is a
principle that is not expected to apply
to the present administration, and its
official organ.

Judge Parker's conversion to the gold
standard bears a later date, evidently,
than when he voted for Bryan in 1900.
He allowed the New York Democratic
convention, as late as last April, to
dodge the issue.

The trouble with the Democratic can-
didate for the President seems to be that
he is too radical for the conservative
Democrats and too conservative for the
radicals, and between them there is
still a breach which divides them irre-
concilably.

After all, the Republican party's chief
source of strength lies in the fact that
its principles appeal to the rugged com-
mon sense of the American people.

Sixth and Broadway
PHONE 63SKIN GAME PROPER
NOW ATTEMPTEDThe City to Rob Either the Tax-
payers or the Telephone Co.Committee Meeting to Consider a
Proposition to "Compromise"
Matter.

AGREEMENT ALMOST REACHED

A meeting of the railroad and tele-
graph committee of the general coun-
cil was held this morning at the city
hall to take up the matter of compro-
mising the city's claims against the
East Tennessee Telephone Company,
and out of it is likely to develop one
of the biggest skin-games on record in
Paducah against the taxpayers, un-
less the general council sits down on it.

The city has a number of claims
for license, franchise tax, pole rent
and other things against the tele-
phone and telegraph companies here,
dating back several years. The com-
panies have refused to pay a number
of the claims, claiming that they
are not legal, and the city for some
reason has never either forced a col-
lection of them if they are legally due
or wiped them off the books if they
are not.

The East Tennessee Company, it
has been figured out, is indebted to
the city to the extent of something
over \$7,000. The company denies that
it owes the bill, but has now pro-
posed to pay the city \$3,000 and call
it square. That is, it will pay the
city \$3,000 if the city cancels every
claim the city has against it or may
have against it, up to January 1, 1905.

It is understood that the members
of the committee that met this
morning have virtually agreed to
recommend to the general council an
acceptance of the "compromise."
If the general council agrees, the
city will thus be skinning the tax-
payers out of half what is due,
\$3,000 of the \$7,000, or be skinning
the telephone company out of what-
ever it gets from the telephone com-
pany. If the company owes the city
\$7,000, the city ought to collect it; if
the company doesn't owe it, the city
ought not to try to collect it, or any part
of it seems to be the general opinion.

If the city collects the \$3,000, how-
ever, it will get but half, or about
\$1,200, by virtue of an agreement it
has with Attorney J. C. Flournoy.
He is to get half of whatever he col-
lects from these companies. He will
get half this \$3,000, although he has
collected nothing, and nothing will be
collected except by agreement of the
city through the general council.

A great many people have already
begun to ask questions.

One is, if the city has \$7,000 due it,
why doesn't the city collect it? If an
outside attorney is to get half of the
amount accepted by the city, why
doesn't he collect it without bringing
it before the committee, instead of get-
ting half for something the city itself
does by the general council's action?

Another is, if \$7,000 is due the city,
why doesn't the city collect \$7,000
instead of \$3,000? What right has
the city to cut the amount in half if
the entire amount is due? Does the
city thus "compromise" with any
private citizen, concern or company,
by splitting their or its license, taxes,
or anything else in half? What mer-
chant ever gets such a rebate? What
taxpayer has half his taxes refunded?

Another thing is, if this money is
due the city, and it to be collected by
the city, why should an outside law-
yer be given half of it? Why doesn't
the city collect it through her own
paid attorneys? Paducah now has a
city solicitor, and in addition has just
employed a big law firm at a cost, it
is reported, of about \$2,000, to assist
in doing what one man is already paid
a regular salary to do. If the city
solicitor can't collect these claims,
why isn't it left to this new law firm,
these assistants to the solicitor who
are to get a large slice of city funds?
In other words, what possible ex-
cuse is there for such a skin-game?

What will the tax payers think, if

PURE BLACKBERRY

the \$7,000 it is claimed is due the
city, is first cut in half by the council
and \$3,000 donated to the telephone
company, and the balance then divid-
ed into half and \$1,200 given an out-
side lawyer? If the city is going to
compromise this claim and collect it,
why should this attorney be paid the
outrageous sum of \$12,000 that belongs
to the tax payers for doing nothing?
If he is entitled to it for "collecting,"
why doesn't he collect without any
aid from the general council, and
then claim half of what he collects?
Under the present arrangement the
city is going to do the collecting,
and nothing can be done without the
city.

The Cumberland Telephone Com-
pany's chief counsel, Attorney W. B.
Granberry, of Nashville, is here in
connection with the case.

Vatican Officials Put End to Traffic
Practiced by Nuns.

Rome.—The vatican authorities have
forbidden the nuns of the Order of
Reparation to dispose of the pope's dis-
carded clothing. Those sisters attend
to Pius X's washing and mending and
they were in the habit of selling dis-
carded articles for the benefit of their
order. Even the buttons from the pa-
pal cassock, neatly sewed on cardboard,
with an appropriate inscription, form-
ed material for the trade, which in-
cluded hosiery and pieces of the most
valuable wearing apparel. Each arti-
cle was marked with the "monastery
seal." Many visitors to Rome have been
enabled to take home personal souve-
nirs of the pope.

TO DRY CORN.

Dried corn is sweeter and more sat-
isfactory for winter use than is canned
corn. To dry corn pick it while it is
young, cut from the cob and dry by
spreading over an old platter or old
plate and setting in a hot oven or in
the hot sun to dry. Place the dried corn
in a heavy sack and hang it in a warm,
dry place. If after a fortnight it shows
no signs of moisture, it is sufficiently dried
to keep well. If there are signs of mil-
dew or moisture take it out and redry it
in the winter. Cook it like fresh corn is
cooked.

WISE MAN.

Governor Herrick, of Ohio, was inter-
viewed the other day, by a reporter,
who asked him: "Didn't you saw wood
for a living when you were a boy?"
"Yes," replied the governor, and I
still think that it's a good thing some-
times to saw wood—and say nothing.

FADS IN THE CARE OF HAIR.

Recklessness and old-fashioned super-
stition in peculiar mixture are shown
in the different fads and fancies women
follow in caring for the hair. The gaso-
line or "dry shampoo," of late the
fashionable cause of numerous explo-
sions in Paris, is now frequently but
vainly requested at the Chicago hair-
dressers.

It is asked for by the woman who is
in a hurry, by the one who doesn't want
the wave taken out of her tresses, by
she who is afraid of taking cold, and
by the white-haired woman who ap-
proves of the peculiar and beautiful
blue and white tone and silky softness
which every professional hairdresser ad-
mits this process gives to gray locks.

In contrast to this there is a Chic-
ago establishment especially devoted to
clipping, singeing and such processes,
where fashionable customers come in
great numbers at the new of the moon.
This is at the request of the proprie-
tor, who has induced her customers with
the belief that the oils and coloring
matter flow upward at this time, where-
as they would go in the opposite di-
rection and devitalize the hair if it were
clipped during any other time of the
month.

There is nothing that shocks a wo-
man more than not to be shocked
when her husband swears.

Arbitration may settle a dispute,
but it won't settle a bill.

ABILENA

Abilena is natural water. It holds
in solution salts dissolved from nat-
ural deposits in the earth. It is Na-
ture's cathartic compound—a natu-
ral mineral water. Mineral waters
are recognized everywhere as the most
efficient, as well as the least in-
jurious, cathartics. Abilena is the
best mineral water on the American
market. It is The American Natural
Cathartic. The discovery of Abilena
was a simple revelation of nature.
For a long time a top the first well
was dug, the water, being unfit for
domestic purposes, was not used at
all. Practical tests afterward dis-
closed its medicinal properties and
the report of its virtue was rapidly
disseminated. Finally several chem-
ists analyzed the water and the re-
sults manifested its great thera-
peutic value and preindicated its future
renown. Sold only by

THE SAME MAN

Suicide at St. Louis Was Here
Recently.

Registered at The New Richmond
From Carbondale, Ill.

A dispatch from St. Louis yester-
day told of the suicide of a young
man supposed to be Frank McCormick,
of Illinois, who drank poison and
then jumped off a bridge into the
river.

Col. Bud Dale knew a Frank Mc-
Cormick who stopped at the New
Richmond house July 31st and re-
mained there until August 14th,
when he left for St. Louis. Col.
Dale thinks the man worked for some
publishing house and seemed to be a
nice sober young man. McCormick
registered from Carbondale, Ill.

Col. Dale thinks that the McCor-
mick who suicided and the one who
stopped at his hotel are one and the
same.

W. L. Her, who worked here with
McCormick, says he thinks the report
that it was the Frank McCormick he
worked with, is erroneous as the
young man was at Carbondale with
him Monday. McCormick's father
lives at Carbondale and is interested
with Her in the publication of bibles.
McCormick sails there.

"McCormick would have no busi-
ness that I can think of in St. Louis,"
Her stated, "and had the boy com-
mitted suicide his father would undoubt-
edly have telegraphed me."

Now, therefore, in pursuance to the

A MAN-WOMAN DEAD.

Hungarian Noblewoman Carries Idea to
Extent of Smoking in Public and
Gambling Away Fortune.

Vienna, August 25.—Countess Johanna
Rheoly, one of the most remarkable fig-
ures in Hungarian society, has just pass-
ed away at Cronstadt.

She was a heroic advocate of women's
"emancipation," appearing always in
public with a cigar in her mouth and a
thick stick in her hand. She also had
her hair cropped short, and wore a man's
hat and coat.

All her fortune of \$500,000 went in
gambling, to which she was passionat-
ly addicted. She played cards daily
with men in the coffee houses.

WHAT THE DEMOCRATIC PARTY THINKS ABOUT TRUSTS

More statutory laws, says the platform.

"We demand," says the Democratic platform, "an enlargement of the powers of the interstate commerce commission to the end that the traveling public and shippers of this country may have prompt and adequate relief for the abuses to which they are subjected in the matter of transportation."

"We demand a strict enforcement of existing civil and criminal statutes against all such trusts, combinations and monopolies, and

"We demand the enactment of such further legislation as may be necessary to effectually suppress them."

Common law a complete remedy, says the candidate.

"The growth of the monopoly of which complaint is justly made," says Judge Parker, "cannot be laid at the doors of the courts of this country. The decisions of the supreme court of the United States, the court of appeals of this state, and the court of last resort in many other states warrant the assertion that common law as developed affords legal remedy against monopoly."

CHIMNEY FELL

HUGE PILE OF BRICK COLLAPSED ON WEST KENTUCKY AVENUE.

About 10 o'clock last night the inmates of Ida Eastwood's house on West Kentucky Avenue heard a terrific noise in the front of the house and upon rushing to the parlors found bricks strewn all over the rooms, the furniture demolished and soot and ashes everywhere.

The big chimney six feet thick had fallen down, beginning at the bottom. The chimney had started giving way at the floor and all fell inside the two rooms except that portion above the roof which remained standing. This is one of the most remarkable freaks along this line ever recorded.

The damage to the furniture and rooms will amount to a great deal and had any person been in the rooms at the time of the collapse, he probably would have been killed.

BONDS SHIPPED

THEY WILL ARRIVE IN PADUCAH IN A SHORT TIME.

The \$100,000 bonds to be used in refunding a portion of the county bond issue were today shipped from New York, and will be here for signature in a day or two. The refunding proper will require but a short time thereafter.

When the bonds get here the finance committee will ask a called meeting of fiscal court to pass on the form and to authorize the signature and other necessary work of refunding. This will require two or three days, the county clerk having to sign all bonds with his pen instead of a stamp, as heretofore used.

WEDDINGS

TWO TOOK PLACE IN PADUCAH LAST NIGHT.

Mr. George Rust, of the county, and Miss Iona Jackson, of Graves county, were last night at 7 o'clock married in the county clerk's office at the court house, Justice Jesse Young officiating.

They are well known young people of the county and the marriage will come as a surprise to their many friends. They have taken up their residence at Melber, Ky., where the groom is engaged in farming.

Mr. Henry Greif and Mrs. Mattie Nance were married yesterday afternoon at the residence of Justice A. N. Sears, at Tyler, on the Benton road. Justice Sears performed the ceremony. Mr. Greif is a well known blacksmith of this city and his bride was an attractive widow.

Miss Delia Borders and Mr. Albert Robertson, both of the city, were married yesterday in Metropolis. Justice Thomas Liggett performed the ceremony. The groom is an employee of the I. C. roundhouse and the couple will reside in Paducah.

SKIN DISEASES

Altoona, Pa., June 20, 1903.
I was afflicted with Tetter in bad shape. It would appear in blotches as large as my hand, a yellowish color, and scale off. You can imagine how offensive it was. For twelve years I was afflicted with this trouble. At night it was a case of scratch and many times no rest at all. Seeing the good the medicine was doing a friend who was taking it for Eczema, I commenced it, and as a result the eruption began to dry up and disappear, and to-day I am practically a well man. Only two tiny spots are left on the elbow and shin, where once the whole body was affected. I have every confidence in the medicine, and feel sure that in a short time these two remaining spots will disappear. S. S. S. is certainly a great blood purifier, and has done me a world of good. I am grateful for what it has accomplished, and trust that what I have said will lead others who are similarly afflicted to take the remedy and obtain the same good results that I have.

125 East Fifth Ave. JOHN F. LEAR.

While washes, soaps, salves and powders relieve temporarily, they do not reach the real cause of the disease. The blood must be purified before the cure is permanent. S. S. S. contains no potash, arsenic or mineral of any description, but is guaranteed purely vegetable.

Send for our book on the skin and its diseases, which is mailed free. Our physicians will cheerfully advise without charge any who write us about their case.

TOBACCO NEWS OF GENERAL INTEREST

Good Showing Reported From All Sections.

Variety of Conditions Shown From Some of The Reports. However.

LATE RAINS HELP OUTLOOK

The following is the conclusion of the tobacco crop as reported in the last issue of the Western Tobacco Journal:

KENTUCKY.

The temperature averaged about normal during the week. Good showers were reported in many localities in the central and eastern portions of the state, but the drought is becoming very severe in the western portion. Tobacco is firing and is seriously injured in the dark districts, but in the Barley districts showers have occurred and the general average is better.

WESTERN COUNTIES.

Ballard—Tobacco is poor; but few fairly good fields.

Caldwell—Tobacco at a standstill. Henderson—Tobacco suffering considerably; there is no chance for more than 25 per cent of a crop.

McLean—Tobacco has headed low and is firing badly.

Ohio—Tobacco doing nothing.

Todd—Showers kept vegetation going and enough for tobacco.

Louisville, August 26.—The late reports from the crop in the field would indicate a variety of conditions, the growth and prospects of crops in the same neighborhoods varying much as a result of frequent showers covering limited areas and a shortage of general rains. The quality and quantity of the crop will be determined within the next few weeks, but no matter what the result may be in this respect the growers of Barley tobacco are certainly entitled to receive liberal compensation for growing the crop, and it only requires some organization of interests under intelligent direction to obtain values justified by existing conditions.

In the Middle Atlantic States and New England tobacco has made favorable progress, cutting being well advanced. While the crop has been shortened by drought in the Ohio valley, late rains have improved the outlook in that section.

The reports respecting potatoes indicate that a good crop is generally promised in the more important potato producing states. Drought has impaired the outlook in portions of the Ohio valley, however, and rot and blight are increasing in Pennsylvania.

Throughout the central valleys and Middle Atlantic States the soil is in fine condition for fall plowing, which work is in general progress, and is well advanced in some places.

HERBINE

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and the over-indulgence in food and drink. Herbine acts quickly, a dose after meals will bring the patient in to a good condition in a few days.

G. L. Caldwell, Agt., M. K. and T. R. R. Choctaw, Ind., Ter., writes, April 1, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbine. It has made me sound and well." 50c. DuBois, Kolb & Co.

Danger!

Headache, Trembling Hands, Twitchings, Irritability, Are Signals.

Not every headache is a sign of nervous breakdown.

But, if you suffer often from headache that seems to recur at intervals, nervous or brain trouble is very evident.

Again, if you can't hold a pen to paper without trembling or twitching, there's a screw loose somewhere.

Or, if you seem irritable and cross without cause.

All these are signs and symptoms.

Not necessarily that you are dangerously sick—But, at any rate, sick enough to need Dr. Miles' Nerve.

The danger lies in neglecting the slight symptoms.

Some of these signs are Sleeplessness, Dizziness, Excitability, Loss of Memory, Profuseness, Headache, Melancholy, Neuritis, Muscular Twitchings.

Do not neglect them. Begin to take Dr. Miles' Nerve. It will cure them.

"For five years I have suffered terribly from nervous prostration. I tried one physician after another, but received no benefit. I continued to grow worse until I was afraid to be left alone, and despaired of ever being cured. Three months ago I was induced to try Dr. Miles' Restorative Nerve. After taking the first bottle I felt so much better that I was greatly encouraged. I continued to take it until I had taken three bottles, and am now in better health than I have been for years."—MRS. G. A. BRAMAN, Troy, Ohio.

FLOAT COMING

COMBINE EXPECTS TO ENTER LOCAL TRADE IN TWO WEEKS.

The coal combine which has entered the local coal trade, will within two weeks be ready to supply the trade with coal.

The big float which will be moored at the foot of Washington street, is now en route here from Louisville, having been gotten loose from Portland bar, where it had been aground, and will arrive here some time Saturday it is thought.

The float is in tow of the Modoc and little trouble is anticipated in getting over the Sisters islands. The float is what has been holding the combine back from entering the local trade, it being necessary to load the coal into coal wagons. The wagons can be gotten here inside of a week and the other necessary preliminaries can be arranged in a few days.

SNAKE STORY

THRILLING ACCOUNT OF HOW THE BLACK SNAKE WON.

The following remarkable incident is vouched for by J. W. Morefield and Will Howard of the Palma vicinity, in this county; both are reliable gentlemen. Mr. Morefield being a well known preacher, says the Benton Tribune.

Their attention was attracted by a peculiar noise and on investigation they found an ordinary black snake of a large size in deadly combat with a copperhead of smaller dimensions. After a short time the black snake withdrew from the conflict, crawled a short distance away, and ate some kind of weed, then returned in quest of its enemy. In the meantime the Copperhead had crawled away but the black snake took up its trail and soon overhauled it, and the fight was renewed with great ferocity. Finally the black snake began coiling itself around the other so that it could not escape and then began the remarkable part of the conflict, when the black snake slowly swallowed the copperhead and contentedly crawled away.

TOM TYNER CAUGHT OVER IN ILLINOIS

Son of Prominent River Man in the Toils.

Is Wanted in Paducah For Alleged Forgery—Now Charged With Robbing Postoffice.

HAD SEVERAL COMPANIONS.

Tom Tyner, son of Capt. Jas. Tyner, of the steamer Butteroff, together with William Gatlin, Charles Oldham, Walter Oldham and James Delmont, four thugs supposed to be from Nashville, Tenn., were arrested last Friday evening in Hamlettsburg, Ill., by the marshal of that city, and afterwards taken by Marshal McCallum, of Kuttawa and Deputy Sheriff Geo. M. Wilson, of this place, to Eddyville for trial, for an offense committed a few days before by them in Lyon county, that of robbing the postoffice at Eureka, that county, taking there from 50 or 60 pennies and a few postage stamps. Says the Smithland Banner.

They were next heard from in Grand Rivers, Livingston county, where they attempted to cash several forged checks, but were suspected as being crooks and failed. They then came over here and paid us a friendly visit and called at the Livingston County Bank and attempted to cash a check for \$80.00 signed by John A. Tyner & Co., of Nashville, Tenn., made payable to Tom Tyner and endorsed by him. The Cashier, Mr. C. O. Lowery requesting that he have some one endorse for him, before he would agree to cash it, Tyner then went to Brandsetter Bros. and asked if they would not endorse for him, to which they agreed, but were prevented from doing so by the timely "tips" given them by their popular clerk, Mr. Sam Abell, who "smelt" a mouse, from information gained in advance. They then gave us the "hot foot," and crossed the river to the Illinois side, stopping in Hamlettsburg, where they succeeded in passing a forged check on Tyrie & Co., made payable to T. M. Vickers.

The same Tom Tyner is the lad who about a year ago passed several forged checks on parties in Paducah and was arrested, but his father coming to his rescue and paying back the money, and the sympathy of the parties for the aged father who had paid many other similar claims, brought on by the conduct of a bad boy, refused to prosecute him and the charges were "wiped" out. But it seems that young Tyner is determined to break into the walls of the penitentiary, and if so, no doubt a few years confinement at hard labor would bring him to a realization of his wrong doing and make a better man of him. At least it is to be hoped for.

GRAND JURY WAITED

WHILE THE COUPLE WERE MARRIED BY A MEMBER.

Clarksville, Tenn., August 26.—William Charles Strickland, of Louisville, and Miss Maude Sadler, daughter of the late George Sadler, a prominent banker of near Guthrie, Ky., were married in this city under rather unusual circumstances. After they had secured the license to wed, they went in search of some one vested with the authority to make them man and wife. Being directed to the room where the grand jury was in session, said to be engaged in a thorough examination into alleged frauds and irregularities in connection with the recent county election, the couple knocked on the door, and Squire D. T. Hamill, a member of the jury, was called out to perform the ceremony. While the wedding was in progress the grand jury adjourned and took a recess of about five minutes to see the ceremony well performed and congratulate the bride and groom.

RHEUMATISM.

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop., Sullivan House, El Reno, O., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c, 50c, \$1.00. DuBois, Kolb & Co.

GRANDMA DIDN'T STAY.

NOT AFRAID OF WORK

TRAINMASTER SAILS IN AND DOES AS MUCH AS ANY OF THEM.

Railroad officials are generally supposed to be above manual labor, but the kind of stuff the officials on the Paducah district are made of is altogether different.

Wednesday afternoon when an engine was derailed in the south yards, within a few minutes after the accident Trainmaster Henry Scheuing was on the scene and working as hard as any of the wrecking crew members. When the engine was finally gotten on the rails the popular trainmaster was as dirty and hot as any of the laborers, but was satisfied with the result of his efforts.

Such interest as this is one of the causes of the excellent condition of the Paducah district.

LABOR DAY

COMMITTEE APPOINTED TO PREPARE FOR COUNTRY STORE.

Only ten days remain before time for the festivities of Labor Day.

It has been decided to have a country store on the grounds again this year and Messrs. Harry George, J. O. Reavis, Louis Head, Ollie Allen and Adolph Mehrer were put in charge to make all arrangements and buy merchandise necessary.

Mr. Adam Weikert was given charge of refreshments for that day.

The finance committee took charge of the Goddess of Labor tickets and have had many calls for them this week.

I can give it unqualified recommendation." 25c, 50c, \$1.00 DuBois, Kolb & Co.

A girl of two and twenty who could calculate longitude from the altitude of a star was outside his experience. The more he saw of her the more he knew himself to have been right in his first estimate. She drank whisky after her meals, and when angry, which was often, swore like a buccaneer. As yet she was almost, as one might say, without sex—savage, unconquered, un-
tamed, glorying in her own independ-
ence, her sullen isolation. Her neck was thick, strong and very white, her hands roughened and calloused. In her men's clothes she looked tall, vig-
orous and unrestrained, and on more than one occasion as Wilbur passed close to her he was made aware that her hair, her neck, her entire person-
ality, exhaled a fine, sweet, natural
redolence that savored of the ocean and great winds.

One day as he saw her handling a huge water barrel by the chimes only with a strength he knew to be greater than his own, her brows contracted with the effort, her hair curling about her thick neck, her large, round arms bare to the elbow, a sudden thrill of enthusiasm smote through him, and between his teeth he exclaimed to him-
self:

"By Jove, you're a woman!"
The Bertha Millner continued to the southward, gliding quietly over the oil smoothness of the ocean under air so light as hardly to ruffle the surface. Sometimes at high noon the shimmer of the ocean floor blended into the shimmer of the sky at the horizon, and then it was no longer water and blue heavens. The little craft seemed to be poised in a vast crystalline sphere where there was neither height nor depth—poised motionless in warm, cornucopian, opalescent space, alone with the sun.

At length one morning the schooner, which for the preceding twenty-four hours had been heading eastward, raised the land and by the middle of the afternoon had come up to within a mile of a low, sandy shore, quivering with heat, and had tied up to the kelp in Magdalena bay.

Charlie now took over entire charge of operations. For two days previous the Chinese hands had been getting out the deck tubs, tackle, gaffs, spades and the other shark fishing gear that had been stowed forward. The sails were lowered and gasketed, the decks cleared of all impediments, headsails and huge vats stood ready in the waist, and the lax indolence of the previous week was replaced by an extraordinary activity.

The day after their arrival in the bay was occupied by all hands in catching bait. This bait was a kind of rockfish of a beautiful red gold color and about the size of an ordinary cod. They bit readily enough, but out of every ten hooked three were taken off the lines by the sharks before they could be brought aboard. Another difficulty lay in the fact that, either because of the excessive heat in the air or the percentage of alkali in the water, they spoiled almost immediately if left in the air.

Turtle were everywhere—floating gray green disks just under the surface. Sea birds in clouds clamored all day long about the shore and sand pits. At long intervals flying fish skittered over the water like skipping stones. Shoals of porpoises came in from out-

"Heave!" she cried, side, leaping clumsily along the edges of the kelp. Bewildered land birds perched on the schooner's rigging, and in the early morning the whistling of quail could be heard on shore near where a little fresh water stream ran down to meet the ocean.

It was Wilbur who caught the first shark on the second morning of the Bertha's advent in Magdalena bay. A store of bait had been accumulated, split and halved into chunks for the shark hooks, and Wilbur, baiting one of the huge lines that had been brought up on deck the evening before, flung it overboard and watched the glimmer of the white fish meat turning to a sil-
very green as it sank down among the kelp. Almost instantly a long, moving shadow, just darker than the blue green mass of the water, identified itself at a little distance.

Enormous flukes proceeded from either side, an erect dorsal fin, like an enormous cock's crest, rose from the back, while immediately over the head swam the two pilot fish, following so closely the movement of the shark as to give the impression of actually ad-
hering to his body. Twice and three times the great man eater, twelve feet from snout to tail tip, circled fanlike through the water. Once he came up, touched the bait with his nose and backed easily away. He disappeared, returned and poised himself motionless in the schooner's shadow, feeling the water with his flukes.

Moran was looking over Wilbur's shoulder. "He's as good as caught," she muttered. "Once let them get sight of meat, and—Steady, now!" The shark moved forward. Suddenly, with a long, easy roll, he turned completely upon his back. His white belly flashed like silver in the water. The bait dis-
appeared.

"You've got him!" shouted Moran. The rope slid through Wilbur's palms, burning the skin as the huge sea wolf sounded. Moran laid hold. The heavy, sullen wrenching from below twitched and swayed their bodies and threw them against each other. Her bare, cool arm was pressed close over his knuckles.

"Heave!" she cried, laughing with the excitement of the moment. "Heave all!" She began the chant of sailors hauling at the ropes. Together and bracing their feet against the schooner's rail, they fought out the fight with the great fish. In a swirl of lather the head and shoulders came above the surface, the flukes churning the water till it boiled like the wake of a screw steamship. But as soon as these great fins were clear of the surface the shark

Use Shoffner's Sure Cure

The Great Tonic and Blood Purifier—Cures Indigestion,
Dyspepsia and Catarrh.

It is a trite and true saying that the "blood is the life." Now
where does the blood come from? Everybody knows, or should know,
that it comes from the nutritive elements extracted by the stomach
from the food we eat. If the digestive organs do not perform their
functions by reason of disease germs, there is no nutrition extracted,
and the food might better be thrown in the dump to decay and breed
germs in the open air than to remain in the stomach and become a
rotten, putrid mass, as it naturally does if there is no digestion. No
disease germ can live and find lodgment in a human body that uses
the Shoffner's Sure Cure. Price \$1.00.

QUEEN CITY POLICE STILL MYSTIFIED

They Have Not Solved Mystery of Burglar.

Friends of Geo. F. Spencer, a Paducah Elk Are Very Indignant Over Thief's Claims.

SPENCER WELL KNOWN HERE

Regarding the theory that the mysterious burglar under arrest at Cincinnati, and believed to be Harry Sewell, formerly of Paducah, the Cincinnati Inquirer of yesterday, says:

"The connecting of the name of George Spining with a notorious criminal has naturally aroused the indignation of the dead man's friends and relatives. Spining was so well known in Cincinnati that it was easy to quickly secure the most positive evidence that the claims of the burglar and the sensationalists who no doubt suggested them were entirely false. The assumption that there was anything in Spining's life which he should be ashamed was also an unjustifiable aspersion.

"Even after Spining had embarked on a stage career he was a frequent visitor to this city and his home. It was his delight to mingle among the friends of boyhood days and to entertain his relatives with his talents. The surprise is that the name of a man so well known here should have been put to misuse by anybody, much less a dangerous criminal.

"Spining frequently appeared on the local stage. He adopted the professional name of George F. Spencer, and even letters to his mother were so signed. His wife was Louise St. Clair, and they were billed as the St. Clairs, becoming famous on the vaudeville circuit as an acrobatic team. They often appeared at the People's Theater, and when vaudeville became recognized as a distinct branch of the profession and was taken up to the more pretentious houses the St. Clairs were among the first to appear at such theaters as the Columbia.

"Spining will be remembered as the originator of the 'hat trick,' the piece of business where the performer catches his hat on his foot and then tosses it back on his head. He also did an imitation of Mansfield as Dr. Jekyll and Mr. Hyde, which will be recalled as very clever. Spining and his wife were never lost or out of trace of relatives here, but, in fact, both were constant visitors almost up to the day of his death.

"While doing an acrobatic turn at Harrisburg, Penn., during a rehearsal Spining fell and injured himself. His mother went at once to his bedside and was there for some weeks. Spining improved, and she came home. In the meantime Spining's wife and her mother were with him, and his condition became so much better that they took him to New York. He suffered a relapse and died there.

"The family in Cincinnati have official records showing that he died at 209 East Fourteenth street, New York, February 21, 1901. He was buried by Undertaker R. J. Druddy, of 717 Third avenue, in the Elk's lot in Kensico Cemetery. A certificate to that effect was forwarded by Reese Carpenter, in charge of the cemetery.

A telegram to the Enquirer from Chicago adds this corroborative evidence: "Mrs. George Spining, known on the stage as Louise St. Clair, is absent somewhere in the West playing in vaudeville. Her mother, Mrs. A. L. Emerson, who lives in Evanston, does not know her whereabouts. Mrs. Emerson said today that she saw her son-in-law, George Spining, die in Frank Cook's theatrical boarding house in Fourteenth street, New York City, February 20, 1901. He died of Bright's Disease, and he was buried in Kensico Cemetery, New York, by the Paducah (Ky.) Lodge of Elks. He was known on the stage as 'Billy' St. Clair. She is positive of his death and knows nothing of Sewell, under arrest at Cincinnati."

STORM DAMAGE

A NUMBER OF ORCHARDS INJURED YESTERDAY BY THE WIND.

The wind which came up late yesterday afternoon seems to have done considerable damage through some of the country districts. None of it is more serious than injuring orchards, but in this respect it seems the damage was considerable in some places. The excessive heat of yesterday was entirely dispelled by the rain, and last night was very pleasant. There has hardly been a hot spell this year that wasn't broken by a rain and much cooler weather.

Some people never lend a hand unless it's empty.
